# PRESIDENT'S MESSAGE TO THE GRADUATES.

## *Presidential Message*

As you graduate from John Jay you face the exciting opportunity of being able to exert real influence on the way our society functions.

Criminal justice is a difficult field: Charged with the legal responsibility to protect and to police the public, criminal justice professionals must at the same time be sensitive to the more abstract laws of ethics and humanity. As the dramatic changes in American sociological patterns spill over into the criminal justice world, professionals in the field must be skilled not only in interpreting the letter of the law, but in tolerating difference, ambiguity, and change. As John Jay graduates, you are uniquely prepared to meet this modern challenge. You are schooled not only in your own specialties, but in the best liberal arts tradition. I hope your broad education and professional training, enhanced by the distinct background each of you brings to that education will help you to make a good living but, more importantly, to live well.

Congratulations on your graduation, and best wishes for every happiness and success in your lives and in your careers.

LEADERS  
OF

TODAY

AND

OF

TOMORROW!

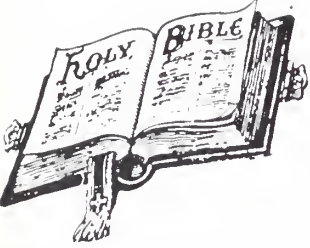

On behalf of the entire staff, I extend our congratulations for one of the best Leadership Conferences that John Jay College has ever had. I am pleased with the spirit of cooperation and professionalism exhibited by the Judicial Board, the Student Council and its committees, and all club representatives. Despite a serious funding error, student leaders were able to resolve the issue when they were back on campus. One of the highlights of the weekend was your active participation in the "Ethnic Awareness Workshops." Your thoughts, words, and actions enabled us to address this sensitive issue. Each of you clearly demonstrated leadership capabilities during the course of the weekend.

Dean Carolyn Tricomi

# IN LOVING MEMORY

Margie Garcia, 1962-85

To her fellow students, faculty, and friends, Margie Garcia was a source of inspiration. In spite of her terminal illness, she did not allow herself to succumb to self-pity. Instead, she devoted her entire existence to realizing her educational goals. Her quest for success gave profound meaning to her life, as well as to those she encountered. We are indebted to Margie, for through her memory we will always be reminded that success is attainable, provided we are willing to summon the determination to work hard and perservere.

In Memorium

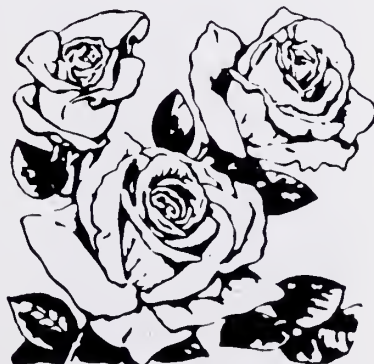

Irma Lozada  
1959-1984

Anthony Venditti  
1959-1986

The John Jay College community was saddened by the tragic death in the line of duty of two police officers who were also students of the college.

Officer Irma Lozada lost her life while bravely attempting to apprehend a chain snatcher. Det. Anthony Venditti was working on a dangerous undercover operation involving organized crime.

Requiescant in pace.

Two years ago, WJJC was located in the south Hall building at 444 W. 56th Street. Due to the theft of equipment the station was relocated to the North Hall. In the transference from South Hall to North Hall, some equipment was broken and stolen. Since then, the new administration of WJJC has restructured the station back to operating capabilities. In the past, WJJC was quite successful in conducting various events such as fashion shows, parties, and promotional campaigns. The new administration will be satis-

fying the students' appetite for music and other entertainment. Now with the help from responsible members of the student body we plan to organize a very effective work force here at John Jay College. We want to become the biggest and most productive club on campus. We will attempt to do this with a rounded approach to satisfy the student body; however, we must have a well represented work force. Therefore, we need as many people as possible for the various positions involved with the station and the club.

## WOMEN'S AWARENESS CLUB

Women's Awareness Club was founded approximately five years ago, because of the need to teach students about controversial women issues. The purpose of the club is to develop an awareness of the important issues affecting

women both on campus and in the broader community. We hope to accomplish this by bringing to focus the issues that have been considered taboo by society concerning women, through workshops, speakers and films.

We enable club members to engage in club activities such as: fashion, still life, nature, and commercial shots. Each member must develop his ability to successfully achieve his darkroom techniques. We hope that students will take advantage of this wonderful opportunity.

## FIRST SPRING LEADERSHIP CONFERENCE

## SPRING FRESHMEN ORIENTATION

### BRIEF HISTORY OF PHI BETA SIGMA FRATERNITY

Phi Beta Sigma Fraternity, Inc. is a non-profit international organization of collegiate and professional men. It was founded in 1914 at Howard University, Washington, D.C. by three men of great vision and foresight. A. Langston Taylor, Leonard F. Morse and Charles I. Brown laid the foundation for the organization. Since its inception, Phi Beta Sigma has grown to a membership of over 85,000 and has established over 500 campus and alumni chapters in the United States and abroad.

For years Phi Beta Sigma has been known as "The People's Fraternity". This name is undoubtedly a fitting one. Being both a social and service organization, Phi Beta Sigma has three major programs: Education, Bigger and Better Business and Social Action. In order to implement these and other programs, the fraternity works with other organizations such as the Pan Hellenic Council (local and national), NAACP, National Urban League, United Negro Fund, National Coalition of Black Voter Participation, National Foundation March of Dimes. Phi Beta Sigma has established a record of impressive impact in several communities.

Our concept of helping others is to provide brotherhood and community service, pursue scholastic excellence, encourage bigger and better business in and for the black community, foster social action and to improve the educational stature of members and others. These principles are expressed in our motto: "Culture for Service and Service for Humanity". Phi Beta Sigma members dedicated to their respective communities have reaffirmed a course of action that provides services to those in need.

# OMEGA

## HISTORY OF OMEGA PSI PHI FRATERNITY INC.

The Omega Psi Phi Fraternity Inc., was organized and founded on the campus of Howard University, on November 17, 1911. The organizers were three undergraduate students in the College of Liberal Arts, Edgar A. Love, Oscar J. Cooper and Frank Coleman, and their faculty advisor Professor Ernest E. Just. Manhood, Scholarship, Perversance and Uplift were adopted as "the Cardinal Principles of the Fraternity. The motto of the fraternity was chosen to be "Friendship is the Essential to the Soul." The fraternity has grown since its founding to a membership of way over 80,000 with chapters spread across the United States along with three International Chapters. The fraternity is service based as well as socially based. It sponsors nationally on a annual basis several programs such as National Achievement Week, National Talent Hunt, National Essay Contest, Outstanding Citizen Award, National Scholarship Pro-

### BE PROUD

If you can put truth and reality above your own desires  
And value those as friends who do the same  
If you don't achieve as high as you ought from lack of study  
And still be smart enough to take the blame ....

If you can come to grips with your limitations  
And not waste on projects that are beyond your scope  
If you can appreciate and work wonders with what you have  
Accept this and be confident because this is your challenge  
While knowing there is hope

If you can listen to those who will advise  
While accepting objective criticism when you know they're right  
If you can make the important decisions and necessary changes  
And settle differences without a fight

If you can put your best foot forward  
And *not* step backwards when someone steps on your toes  
If you can work diligently and not receive a reward or at  
least the recognition which you deserve  
Never give up and keep up the good work  
because sometimes this is how life goes ...

If you can live the life that you believe in  
Setting high aspirations and pushing hard to reach your goals  
One day, eventually you will get there  
And once you have it, smile, but don't look back  
Because only you know how hard it was to pay those tolls  
Instead, Be Proud

Good luck with your future endeavors  
Beverly A. Taylor

## LOOK HOW

### I NEED YOU

I need you now like I've never needed you before.  
I need you to hold on to, to hug and to caress,  
I need your tender soothing arms around me to release  
the tension and stress,

I need you now like I've never needed you before.  
I need your heart and ears to hear my cries,  
I need your shoulder to rest my tired head and weary eyes.

I need you now like I've never needed you before.  
I need you to lift my tired body that has been worn out  
by drinking, day in and out worrying and thinking.

I need you to save my sanity.  
I need you to save my soul,  
I need you to save my dignity,  
That someone stole.  
I need you to take me away from all of this torment and  
pain.  
I need you to hold back the tears that I know I can't  
restrain.

I NEED YOU.

## THE INGREDIENTS FOR SUCCESS

The willingness to fly  
The courage to give it a try  
The determination to soar,  
answering, when opportunity knocks on the door,  
are the ingredients for success

Education is a foundation  
The golden dream has no limitations  
The pursuit for perfection  
and not giving up when facing rejection,  
are the ingredients for success

Striving for the top,  
overstepping every stumble block  
Eyes fixed on your ultimate goal  
putting your life in complete control  
are the ingredients for success

One part willingness  
Two parts determination  
Three parts ambition  
are the perfect ingredients to success

## "THE TRUE MEANING"

People learn how to value a love when they no longer have that love. Yes, there are so many people in this world who don't know the real meaning of love. Love, to a lot of people is a game. It's a game without a name. When that game is played on them, the sportsmanship's gone, and the vengeance comes in.

Love can be family love. Love can be a friend. It can also be a spouse. People take the love that's given to them, sometimes, as a curse. They take it as if someone is out to hurt them. It might be true in some cases, but usually, that person who shows his/her love, which is felt from the heart, is the one who pays the consequences.

A person has to learn, to understand, which is real love, and which is the Game of Love. Sometimes, they realize that a little too late. That's when they learn the meaning of REGRET, but that love has already been taken by someone who knew how to love in return.

It can be family love. It can be friendship love. It can be the love between a man and a woman. If a person has someone offering him/her love, he/she should not let that person go without showing him/her that same love in return. A person may loose his/her love, and what's life without love?

It indeed hurt me to loose my father. I still cry at nights for him. I'm still refusing to accept his death. There are so many people I now love with all my heart. I thought I would never feel the hurt I felt over my father's loss, for anyone else. I was wrong. I thought I could never love anyone as much as I love my father. Now, I see the love I feel for one man is the same as Daddy's love, but it will never be greater. I'm feeling as much pain for the loss of the man I love, as I felt for Daddy's loss.

I was lost without my father. My children brought me courage. Now, I'm lost again, this time without my children, and without my love.

Floriepe (Rosie) Valle

DEDICATED TO MY DADDY,  
AND JAVIER OLAVARRIA.  
"THE TWO LOVES OF MY LIFE"  
: TO GIVE OUR LOVE A CHANCE:

### Taking Chances

If you could feel when in the air I blow a  
kiss ...  
You'd feel my love, throughout the mists  
...

If it can reach the mountain's tip ...  
It can reach the bottomless pit ...

In life, love goes around ...  
At the end, it always lands in stiff  
ground ...  
Don't try to break it ...  
It's strong, and it's liable to fake it ...

As easy as it is to love ...  
It's also as easy to hate ...  
As we give it ...  
We take it ...

Taking chances are done with a purpose  
...  
At the end, someone always regrets ....

Floriipe (Rosie) Valle

## P O E T R Y

### Go away little girl

Go away little girl. That grown woman love is not  
for you.  
Take your time growing up. There's still a whole  
life ahead.

You'll meet beautiful people.  
You'll have beautiful dreams.  
Don't worry. Someday, God will touch his heart.

Don't act so childish.  
If love is free, it isn't meant to be.  
Don't worry. As time goes, you grow.  
Then, you'll think back, of how silly you've acted.

Little girls love toys.  
Young ladies find joy.  
Don't give up because of one.  
Just wait, one day, your prince will come.

Floriipe (Rosie) Valle

## W O R K S

Somewhere down the road

Somewhere down the road, we met ...  
Some where down the road, on a rainy  
day, you showed me love ..

On that same road, I told you, I Love you  
...  
That road meant a lot to us ...  
On that same road, we had our dreams ...

Somewhere down the road, our future  
began ...  
It felt good for us to kiss on that road  
which was once ours ..

To me, one day that road went blue ...  
You said good-bye, but didn't say, I love  
you ...

Let's go back to that same road together  
...  
Hug me ...  
Instead of the tears, please, let me cheer  
...

Somewhere down the road, that same  
bench is still waiting ...  
Let us go ...  
That same love is there waiting ...

FloriPe(Rosie) Valle

What do you think?

What do you think I do while you're  
away?  
Do you think I celebrate?

No, you're wrong.  
I just try being strong.

It's hard.  
Knowing you're so far.

The joy I feel when you're near,  
cleanses off, my lonely tears.

FloriPe(Rosie) Valle

## Jay Love

Come Jay ...  
Cleanse away my tears ...  
It won't take you, but only a day ...  
Though these tears, I've had throughout the years ...

The memories which are a part of me ...  
Can fly off like a simple bee ...  
Come Jay love ... I love you ...  
Only you can pull me through ...

I'm tired ... tired of the hurting and the crying ...  
If you could stop it like you stop a fire ...  
I'd say, go on, there's no harm in trying ...

I know you can alleviate ...  
All I can do is appreciate ...  
For this hurting will always remain ...  
As the fall of a never-ending rain ...  
You can distract ...  
But the hurting will always come back ...

Jay Love, our love is pure ...  
Be with me to make it endure ...

Together to God we can pray ...  
That together, always we'll stay ...

## Weak Excuses

Wow, what a blow ...  
One minute you love me, the next, there's  
doubt ...

Those weak excuses are only games ...  
At the end, they aren't even sane ...

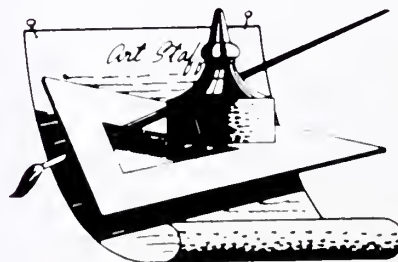

A lie can fool for awhile ...  
In the long run, with another man, you'll see  
her walking  
the isle ...

If you love her, hold her ...  
Not everyone can love you like she can ...

Floripe(Rosie) Valle

### *My Friend*

My friend, the time has come when we must part, but you were my friend and I will remember you for that.

We had our quarrels and mishaps too, but that was just because I cared. You taught me many things, and so did I.

My friend, I wish the little time we have together would never end, for to leave would be the saddest thing to do, especially to you.

Now the hours are drawing nearer, and I guess I have to go, but remember me as I'll remember you. Just a friend.

A close friend too.

My friend it's time now to say good-bye, so for me not to cry, Please promise that you'll forever be my friend.

Rosalia Hernandez

*Climb till your dreams come true*  
Often your tasks will be many,  
And more than you think you can do ...  
Often the road will be rugged  
And the hills insurmountable too ...  
But always remember the hills ahead  
Are never as steep as they seem,  
And with faith in your heart start upward  
And climb till you reach your dream,  
For nothing in life that is worthy  
Is ever too hard to achieve.  
If you have the courage to try it,  
And you have the faith to believe ...  
For faith is a force that is greater  
Than knowledge, or power, or skill  
And many defects turn to triumph  
If you trust in God's wisdom and will ...  
For faith is a mover of mountains,  
There's nothing that God cannot do  
So start out today with faith in you heart  
And climb till your dreams come true!!

Rosalia Hernandez

## Sweet Memories

An experience shared  
a moment spared  
just to show how much you really cared,  
Sweet Memories.

The times we laughed,  
the times we cried,  
the times we wondered why.  
Sweet Memories.

The times we disagreed,  
the times we agreed,  
the times we said,  
"their could never be better friends than you and me"  
Sweet Memories.

The time; the seconds  
the minutes, the hours,  
what is truthfully ours  
will remain ours.  
All of the Sweet Memories.

Andy E. Alexis

## A Friend

A friend is one who cares for you  
in times of need.

A friend is one who loves you  
no matter what life you lead.

A friend is one who cheers you up  
when you are sad.

A friend laughs with you when you are glad.

You and I have lots of fights,  
but make up in the end.

But that's why I consider you a kind  
and loving friend.

### What Is, Will Be

What *Was* is the past.  
What *Will Be* is the future.  
What *Is*, is the present  
and *Never* has no tense.

What *Was* will be  
only if you agree.  
cause, to *Be*, *Is* the future  
When *Is*, is the present.

*Never* will never change  
unless you change the *Was*  
to *going to*, which you will  
Be only if you agree.

In other words you can *Be*  
whatever you want to be  
a *Was*, *An Is*, a *Will Be*  
only, and only if you agree.
